About Us

We are a company strong in heritage and committed to our philosophy of delivering consistent quality Agrisolutions to farmers all over the world. Apart from manufacturing and distributing a wide range of nutrition and protection products for livestock, aquatic animals and crops, Zagro also distributes pharmaceutical raw materials, specialty chemicals and products for public health. Our renowned Pacific Lab Services which provides a comprehensive range of laboratory analyses and tests, first established to serve in-house needs, has become so well-accredited and well-respected by its growing base of customers from over 20 countries.

In the ASEAN markets, Zagro sells products directly to customers.

Elsewhere, Zagro works through our well-appointed and trusted distributors and partners arranged through Zagro's regional offices in Europe, Africa, Latin America and Australia.
